1.	Notes of the last meeting	Notes of meeting 11 <sup>th</sup> Sep			
2.	Declarations of interest	None			
3.	Presentation on immediate repairs undertaken and key findings of the Cambrian Rai Building Conservation Management Plan by Peter Gilbertson.				ne Cambrian Railway
		<ul> <li>UKSPF grant funding of £630,000 has supported urgent repairs including:</li> <li>Making safe the ornamental corbels and stringer course</li> <li>Structural repairs to the roof frame and chimneys</li> <li>Replacing asbestos roof tiles</li> <li>Repairing weathered brick and stonework.</li> </ul>			
		The structural engineer advised that all ornamental corbels and stringer course be removed for public safety. It was noted that the scaffolding had caught several failed and falling masonry over-hanging Oswald Road. Reproduction replacements have been created and attached alongside repairs to the ornamental frieze.			
		Communications on the Cambrian Railway Building work should highlight the removal of unsafe ornamental masonry and the use of the scaffolding for public safety purposes to be shared.			
		Conservation Management Plan has been prepared which brings together all information o the building into one document, which will guide conservation work and support any grant applications.			
		The report includes detail suggested use for the first need to be developed fur should be developed with considered.	t floor includes reside ther and it was sugge	ntial units. The optior sted that the masterp	ns for the ground floor lan for the building
